Coshocton KOA Camping Guidelines

Welcome to Coshocton KOA!

We're so glad to see you here and that we're back to camping! We have updated our rules to ensure that we all stay safe and continue to happily camp during the time of COVID-19.

SOCIAL DISTANCING

We have done our best to make clear rules on the number of people who are allowed in each facility on the property. We ask that in addition to following these guidelines that you maintain 6ft separation between other campers not staying on your same campsite. Please do not gather in groups.

For us to remain open and for camping to continue, it is absolutely required that our staff and our guests practice social distancing. We reserve the right to enforce this and appreciate your cooperation.

VISITORS

At this time only registered overnight campers are allowed in the park. **No visitors are permitted to enter the park.**

REGISTERED CAMPERS ON YOUR SITE

Campers on each site must be from the same household with a maximum of 7 people per site.

OPEN AMENITIES & ACTIVITIES

The following amenities are open. We encourage you to enjoy the wide-open space we have to offer.

- **Swimming Pool** – Please practice social distancing and maintain at least six feet or more between individuals in all areas of the pool and deck whenever possible. No gathering in groups of different households. Your cooperation in maintaining distancing will allow us to keep the rules to a minimum.
- **Camp Store** – We are open to safely serve you. Many of our items are available to purchase online and pickup at the store or have delivered to your site.
 - Our store is limited to 3 households at one time.
 - We encourage you to wear a mask, but this is not required.

- **Laundry Room** – The laundry room is open as an essential service. Please limit the number of people in the room to 1 at a time.
- **Woodland Area** – Our campground is on 30 acres, most of which is just natural. Please explore the trees, wildlife and flowers. The creek is also a great place to look for critters. The entrance to the nature trail is near P2. When you reach the road you may also cross the bridge for more trails.

- **Movie Night** – Please practice social distancing when at the movie night.

PLAYGROUND REMAINS CLOSED

For your family's safety we are continuing to keep our playground closed. We do not feel at this time that we can adequately disinfect our playground, being all enclosed tubes, like a playground exposed to the sun. We are working on alternative playground ideas and hope to have this implemented in the next few weeks. Thanks for your patience and understanding.
