**Welcome Campers!**

Thank you for joining us at Hammondsport/Bath KOA Resort! This is our first season at this campground but we are not new to the Southern Finger Lakes region. We have owned and operated Watkins Glen KOA Resort for the past 27 years.

We would love to show you all that we've already done, but that is limited as we purchased the park in February. We are readying 5 DEMONSTRATION RV Patio Sites with Gazebo's, and also several dramatically updated Resort Lodging units. Check these out as they represent our vision of what the future holds.

We are Paul and Cam Friesen, long time owners of Watkins Glen KOA Resort, now joined in ownership by Garrett and Amanda Price and family.
